

## Patch Panels (ODF)

### Economic 1U | Empty | Light Gray RAL7035

12/24 ports | SC Simplex - Duplex | LC Duplex

[Also in 'Equipped' and 'Preconnectorised' versions]  
[FC and ST adapter availability]

The *LightMax*<sup>®</sup> Economic Patch Panel 1U RAL7035 grey enables the organisation of fibres simplifying optical connections in telecommunication networks. It is made of cold rolled steel with a light grey thermo-lacquered finish. Its front panel has 12 or 24 holes compatible with LC or SC (simplex and duplex) adapters. It includes all the fixing accessories required for the organisation of the fibres.

#### Features

- With front panel
- Front pull-out panel and tray, with retaining clip
- Adequate interior space to organise and identify fibres
- Standard dimensions (1U, for 19" racks)
- Cold-rolled steel case and tray.
- RAL7035 light grey thermo-lacquered coating
- All fastening accessories included
- Compatibility with *LightMax*<sup>®</sup> LC, SC adapters
- EIA-310-E and RoHS compliant

#### Applications

- Optimised for LAN environments
- Handling and management of cables and jumpers / pigtails
- High capacity and fibre deployment

#### Installation

- On racks and in cabinets

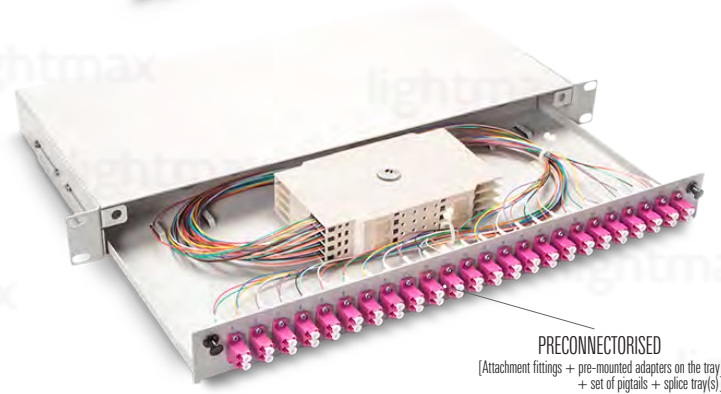

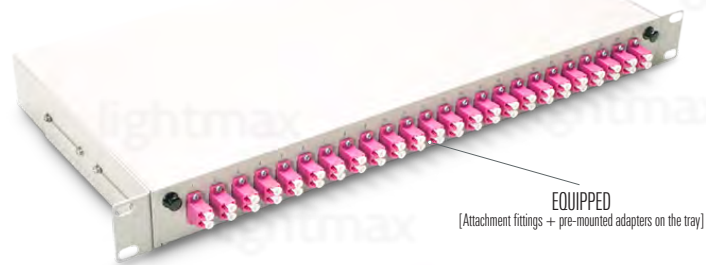

SPECIFICATIONS			
Material	Cold-rolled steel		
Finishing	Thermo-lacquered light grey		
Dimensions	mm	432 (L) x 206 (P) x 44 (A)	
Weight (nominal)	kg	2.83	
Maximum capacity	Ports	12 or 24	
	Fibres	12, 24 or 48	
Standards		EIA-310-E RoHS
